

WHAT'S UP SMA? - Keeping You In The Loop

What's in the Loop?

MARCH 2020

The end of the third quarter is near. We are already half way through the Spring Semester. Buckle up and hold on tight we will be at the end before you know it! There is so much to be done before May 22, 2020.

Please be mindful that this semester there will be testing and many activities. I have met with 8th Grade through Eleventh Grade and we spoke about Academics, Testing and preparing for the end of the year. All high school students in 8th through 11th grades are strongly encouraged to register to take the ACT in June or July. Also, please note that information will be sent to you about Summer Reading, Community Service, College Tours for next school year and also Summer Programs.

Friday, March 13th marks the end of the third quarter. Time does not wait! Please make sure your grades, attendance and testing is up to par. You should be knowledgeable about your current grades and have an understanding of what you need to do to finish this year STRONG. If you are not doing well in this quarter and haven't done well in the previous quarters then you may be in jeopardy of not satisfying the requirements to pass the course. Please also understand that attendance has an impact on your grades as well. If you have more than the allotted number of absences for the school year, you will not be able to move on to the next grade level and not receive credit for your classes.
